OUR PROMISE - GUIDING YOU THROUGH THE OBSTACLES

A safer workplace means fewer accidents, higher productivity, improved culture, and ultimately, a better return on your investment.

Our team of professional and experienced experts will guide you through the obstacles, to help you navigate the minefield of laws, regulations, facts, myths, and assist with implementing best-practice methods.

Selecting the right people for the job, managing drug and alcohol misuse at work, keeping your workers mentally healthy, supporting the return of your injured workers, or ensuring the workplace is ergonomically sound, we are ready to assist you in achieving a safe and healthy workplace.

WORKFORCE HEALTH SERVICES AND SOLUTIONS

Protecting your business and your people

Mental Health Services

Identifying the mental health issues in your workplace with consultation and training to better understand, manage, and improve mental health.

Employee Counselling Service

Supporting your employees with mental health concerns by providing a short term counselling program whilst reducing business impact.

Workplace Rehabilitation Services

Helping the business to return injured employees back to work safely, quickly, whilst minimising impact on workers' compensation claim premiums.

Drug & Alcohol Testing and Management

Keeping your business safe from the dangers of drugs and alcohol in the workplace through comprehensive drug & alcohol testing and management programs.

Workplace Ergonomic Services

Preventing harm or injury in the workplace through individual, small group and floor sweep ergonomic assessments, training and cost-effective strategies.

Fitness For Work Assessment

Protecting the business and employee by assessing the physical capabilities of candidates and injured employees to perform the role safely.
